Code No. 603.13

The Board of Directors of the district recognizes that the general objectives of post-high school and adult education programs are the same as those of other levels of public education: preparing individuals for democratic citizenship, providing individuals with means for economic improvement and cultural development, and enriching of the personal lives of all who participate.

The post-high school and adult education programs shall be administered by the administrative staff of the school system.

The physical facilities of the school district shall be made available for use in these programs when there is no conflict with regular school activities.
