Ed-Co Students finalists in ISBA contest

Dayne Bergan & Erica Voss were finalists in The Iowa State Bar Association's Young Lawyers Division "Know Your Constitution" project. A Young Lawyer's Division committee grades the entries and selects

one finalist from each of Iowa's 100 legislative districts. These finalists were honored at a luncheon held at the West Des Moines Marriott on January 11. The keynote speaker was the Honorable Justice Susan Christensen of the Iowa Supreme Court.

From the finalists, five students and their teachers were also randomly selected to participate in an all-expense-paid, week-long education work session Washington, D.C. in February, as part of the Close Up Program. The work sessions are organized to develop a deeper understanding of government and the political process.

Congratulations to Dayne Bergan along with teacher Mike Lutgen for being selected to attend.

Each year, more than 1,500 Iowa students in grades 9-12 participate in The Iowa State Bar Association Young Lawyers Division "Know Your Constitution" program, demonstrating their understanding of the United States' founding document. The students test their knowledge in a 50-question multiple choice quiz, and submit a short essay analyzing a current constitutional issue.

The Know Your Constitution program is supported by generous grants from The Iowa State Bar Foundation, Interest on Lawyer's Trust Accounts (IOLTA), The Iowa State Bar Association and county bar associations throughout the state.

Spring Play information

The spring play this year is "No Signs of Intelligent Life" by Bryan Starchman. Performances will be at 7:30pm in the Edgewood Gym on March 22nd & 23rd.

Synopsis: If you think you've suffered too many awkward moments or been in the dark in conversations, just think how poor, innocent aliens feel! Hungry to fit in, (a little too hungry at times!) they do and say things that we humans aren't allowed to. Join in the laughter as these extraterrestrials meet all kinds of humans -- teenagers, rednecks, survivalists and the most enigmatic, tech support nerds.

Will these hapless aliens be able to figure out the daily rituals of dating, gossiping at the water cooler, camping, or even fixing our computers? The aliens have the knowledge to increase food production, create alternative energies, and achieve world peace. Are Earthlings the intelligent life they seek to bestow these gifts? More important, could Earthlings help the aliens get home again?!

Mornings can be really crazy...the alarm doesn't go off...the kids don't want to get up...there's no time to eat breakfast before the bus comes...or they're just not ready to eat. Or maybe your teenager grabs a can of soda and a candy bar on the way to school. If this sounds like your house, we have good news for you.

Breakfast is served at school! School breakfast will energize your child's day and provide them with a healthy start. A nutritious breakfast helps students be more alert so they can learn more in class, and has plenty of vitamins and nutrients for a strong and healthy body.

Breakfast at school is affordable, too. The cost is only \$1.60. If you qualify for free and reduced price meals, you also qualify for the breakfast program, with no additional paperwork. You can't find a healthy breakfast

News from Mrs. Meyer

Art News:

New semester means all new classes in the art room. Some highlights from first semester were the completion of Digital Photography portfolios that showcased some unique photography, Graphic Design pieces that were unique and/or useful for events, and the seventh graders contour hand projects (which are still on display outside the art room). Second semester courses are just getting started up so there isn't much news yet due to the snow days. Please be on the lookout for some great projects from 2D and 3D art students. Work will be on display in the commons. Graphic Arts II students are working through lessons on Illustrator and will also have projects that they complete later

this semester. Eighth graders are currently taking a computer class in which they will focus on creating with iMovie, Garageband, Codes, PowerPoint, and Pages (graphic arts). They will be on a project rotation. Their projects will be shared outside my room and/or online. Once fourth quarter starts, the eighth graders will switch to art, which will showcase a choice based art room with various projects to pick from.

Upcoming Art Shows:

February 28th: Artwork on display during the 9-12 Dessert Concert at the Edgewood Locker Event Center

March 20th: Northeast Iowa High School Art Show at Upper Iowa: This art show is by registration only. I will be selecting students by the end of February to attend. It's not only a judge show, but attendees also get to go to workshops throughout the college that focus on various areas of art.

March 21st-23rd: Ed-Co's District Art Show featuring pieces K-12 during the Spring Play

April 12th: Tri-Rivers Conference Art Show at Springville: Students that attend this go to an all day event that includes various workshops put on by teachers within the conference. Art work is also judged.

District News

News from Nurse Sills

I can't believe how fast this year is flying by! I think we've had a great year thus far and hope it stays that way.

I want to thank parents for keeping their children home when they haven't been feeling well. Hopefully the flu doesn't get too bad within our school community. Please feel free to call me anytime with questions or concerns, I'd be more than happy to speak with you.

I know it might seem early to start thinking about next school year, but it'll be here before you know it. Consider what grade your students will be going into next year. Especially for preschool, kindergarten, 3rd grade, 7th grade, 9th grade and 12th grade. Immunizations are required to be up to date for all grades. If you are unsure about immunization status, check with your child's provider.

Physical forms are especially important for preschool, junior kindergarten and kindergarten, as well as any students participating in sports.

Please visit this link for requirements and feel free to call me at the school anytime with questions.

<https://www.educateiowa.gov/student-health-requirements>

Students that are now in 6th and 11th grades who will require vaccines prior to next school year will be getting a letter sent home within the next week to allow for ample time to prepare. Please call with questions.

Wishing you all a safe and healthy winter season!

CONTINUOUS NOTICE OF NONDISCRIMINATION

Code No. 102.E2

It is the policy of the Edgewood-Colesburg Community School District not to discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. There is a grievance procedure for processing complaints of discrimination. If you have questions or a grievance related to this policy please contact: Karla Trenkamp, District Equity Coordinator, 409 East Street, Colesburg, IA 52035, 563-856-2415, ktrenkamp@edge-cole.k12.ia.us

From Superintendent Rob Busch

Public Education Needs You!

Now that the elections are over and legislators are headed to Des Moines, it is more important than ever to make sure your voice is heard. The funding for public education has recently been at historic lows. The needs of students attending these public schools have been increasing! The need for advocacy on behalf of Iowa public schools has never been greater.

In May of 2015, the Davenport School’s superintendent and students made national headlines by pointing out the unbelievable disparity in per pupil foundation delivered by Iowa’s school formula. For the 2018-2019 school year, 164 districts including Davenport were at the state minimum per pupil of \$6,736. The maximum across the state was \$6,906, which was \$170 higher. Their students wore shirts with the slogan “I’m Worth-Less,” and the same is true for Ed-Co students. Based on enrollment, this is a \$70,000 shortfall for the district. Legislation was in acted in 2018 to reduce this difference by \$5 per year.

To make matters worse, inequity in school expenditures also exists in our transportation costs, which are paid from that same per pupil cost for no control over that, yet our students have less because of it.

Although legislation was introduced to correct these two inequalities, there is still work to be done. If you want to impact legislation, you can do that by becoming an advocate for your school. Take a few minutes to contact our new legislators in the House and Senate, tell them you are a voter and you support equitable funding for rural schools! You can find your legislators and their contact information at <https://www.legis.iowa.gov/legislators/find> I would also encourage you to contact Governor Reynolds’

office by calling 515-281-5211 or leaving an email message here <https://governor.iowa.gov/contact>.

If you would like to learn more about issues facing rural schools and the Edgewood-Colesburg School District, more information is available through the Rural School Advocates of Iowa (<http://www.rsaia.org/annual-meeting.html>) and the Iowa Association of School Boards (www.ia-sb.org).

As always, I ask that you please become involved with the educational opportunities for our young people and assist us in making Edgewood-Colesburg the best school in the State of Iowa. I thank you supporting public schools. If you have ideas for improvement or areas of concern, please contact me by phone at 856-2415.

Rob Busch
