

Free Meals for All Students Ends With the 2022 School Year

When the 2021-2022 school year ends, so do free meals for every student. While the federal government funded a program that allowed all students access to free meals during the COVID-19 pandemic, Congress recently declined to continue funding this program. This means all families will need to carry a positive balance in their children's school meal accounts when school begins next fall.

We understand this change may cause you to worry. There are important steps you can take today to make sure your student receives the meals they need next year.

1. Complete An Application for Free and Reduced Meals NOW.

If your student qualifies for free or reduced meals, they can still receive them next year, but you must take action to make it happen. Complete the [2021-2022 online application for free and reduced meals](#) before the end of this school year *if you have not already filled out an application for the 2021-2022 school year*. This will give you a 30-day grace period at the start of the 2022-2023 school year to complete another application for next year. The application is available in English and Spanish

2. Then, fill out the 2022-2023 online application which will be available on the District's website after July 1, 2022. Even if you complete the 2021-2022 application, you will still need to complete the 2022-2023 application as well.
3. Budget for the Cost of School Lunches (if you do not qualify for free and reduced meals).
4. Families that do not qualify for free or reduced meals can start depositing money into their student's [JMC Lunch Account](#) to prepare for the cost of school lunches next year. Information on meal prices for the 2022-2023 school year will be available in the near future.
5. Pay Off Negative School Lunch Balances.

To apply for free or reduced meals, please [complete an online application](#) through JMC. For assistance completing the application or for questions, please contact Barb Bolsinger at 563-928-6411.

High School News

State FBLA conference in Coralville March 31-April 2

National Events - top 4 placings qualify for the National Leadership Conference June 29-July 2 in Chicago, IL.

- **Agribusiness** - Nathaniel Gaul-2nd
- **Banking & Financial Systems** - MaKenzie Barnhart-1st
- Broadcast Journalism - Megan Pierschbacher & Tracy Schaefer-5th
- Business Law - Emma Lange-5th, Audrie Helmrichs-7th
- **Business Plan** - Nathaniel Gaul & Mikayla Thein-4th
- **Client Services** - Reagan Stelken-3rd
- **Computer Game & Sim Programming** - Dakota Hamann-3rd
- Computer Prob Solving - William Schulte-6th
- Cyber Security - Tracy Schaefer-6th
- **Future Business Leader** - Megan Pierschbacher-4th
- Help Desk - Mika McCool-5th
- **Hospitality & Event Mgmt** - Ellie Bockenstedt, Emma Lange & Reagan Stelken-2nd
- Human Resource Mgmt (NEW) - Ella Aulwes-10th
- **Intro to Business Communication** - Emma Staner-4th
- Intro to Business - Campbell Kirby-7th
- Intro to Event Planning - Thea Bockenstedt & Kaitlyn Thein-8th
- Intro to FBLA - Dakota Hamann-5th
- **Intro to Financial Math** - Clarie Aulwes-4th
- Intro to Info Technology - Thea Bockenstedt-9th
- Job Interview - MaKenzie Barnhart-7th
- Journalism - Kaitlyn Thein-7th
- Marketing - Roberto Rezende, Jake Schilling & William Schulte-6th
- **Networking Infrastructures** - Roberto Rezende-2nd
- Organizational Leadership - Ellie Bockenstedt-7th
- Sports & Entertainment Mgmt - Zander Carter, Marcus Gaul & Mikayla Thein-9th
- **Supply Chain Mgmt** - Campbell Kirby-2nd

- Website Design – Ava Kerns & Zoe Walz-8th
- **Word Processing – Mika McCool, 2nd, Wade Struble, 5th**
- **American Enterprise Project – Tracy Schaefer, Lydia Hemann & Kaitlyn Thein-1st**
- **Community Service Project – MaKenzie Barnhart & Ellie Bockenstedt-3rd**

State Events

(team points and personal awards only)

- Battle of the Chapters (JV) – Marcus Gaul, Jake Schilling, Zoe Walz 3rd
- Battle of the Chapters (ADV) – MaKenzie Barnhart, Zander Carter & Nathaniel Gaul – 3rd
- Creed Oration – Trinity Landon, 9th
- NLC Pin Design – Audrie Helmrichs, Campbell Kirby & Emma Staner – 1st
- NLC Tshirt Design – Mikayla Thein & Reagan Stelken – 2nd (close 2nd)
- Spelling Relay (JV) – Clairie Aulwes, Lydia Hemann & Roberto Rezende-4th
- Spelling Relay (ADV) – Ella Aulwes, Mika McCool & Tracy Schaefer-10th
- Technology Pract. Application – Dakota Hamann - 6th
- Chapter Exhibit – Thea Bockenstedt & Kaitlyn Thein-5th

Ed-Co sophomore Megan Pierschbacher, ran an excellent campaign for the 2022-2023 Iowa FBLA President against three other strong candidates. As the only incumbent, she delivered a speech, planned and ran a booth, greeted her constituents and answered infinite questions. Though she didn't win the race, she delivered a moving farewell speech to the Iowa delegation with her parents (Dave & Kari Pierschbacher) there to walk her across the state for the final time.

When the team scores were tallied ... Edgewood-Colesburg FBLA placed 3rd as a team against 30+ other chapters in the state.

- Waukon was 1st with 80 members in attendance
- Waukee was 2nd with 60+ members and
- **Edgewood Colesburg was 3rd with only 27 members :)**

JH Honor Choir

On Tuesday, April 19th, Choir Instructor, Carston Calderwood took four 7th graders, Adian Reynolds , Aly Meyer, Abbie Schilling, & Millie Burns, to the Northeast Iowa Choral Directors Associations 7th and 8th grade Honor Choir in Oelwein. Students worked with Dr. Amanda Huntleigh who serves as Assistant Professor of Music and Director of Choral Activities at Clarke University. They worked throughout the day with students from around Northeast Iowa and concluded their day with a concert.

Northeast Iowa Art Show

On

Wed, April 6 Art instructor, Melissa Meyer & six Ed-co high school students, Lily Roling, Lydia Hemann, Kaydee Rieck , Campbell Kirby, Claire Aulwes & Mason Bradley attended the Northeast Iowa Art Show put on by Upper Iowa University.

The students each had two pieces submitted into the show to be judged. Congratulations to Kaydee Rieck for getting 1st place in the craft category.

While at UIU, they saw a ceramics demonstration, heard information on graphics/communication/business, and they got to create graphic patterns with vinyl. They also got to look at artwork by the judge of the show, Cynthia Heinz (a professor at NIU). She was an amazing judge that was enthusiastic when delivering her critiques on the art pieces she selected. She also had some amazing colored pencil drawings that made all our jaws drop.

News from Mrs. Anderson

As we prepare to close the books on another academic school year I want to encourage parents to support summer learning at home. Students of all ages will benefit from continuing to read, write and complete some math tasks over the summer. There are many ways to practice these skills on a daily basis and the following is a list of suggestions: Practice reading time on an analog clock (a clock with hands and a face), look up the weather forecast and read it aloud daily, have your child read the temperature and calculate changes throughout the day, write out the family grocery list, and write out the daily list of chores. When there are errands to be completed: have your child write down the list of tasks then have them help determine the order in which to complete them, this helps them prioritize and organize their time. Write captions to go with photos on a phone. Remind your child to access free audiobooks- they know how to use the free links through school. Reading texts counts as reading so pack your texts with longer statements. Kids love to read texts. Subscribe to the local newspaper where the student may be more motivated to read about familiar people/events. Participate in the summer reading program at the local library. Play Yahtzee or cribbage or card games where you keep score. Thanks, parents, for your support.

NHS welcomes new inductees

The Ed-Co National Honor Society welcomed new

member on Sunday, April 3. New Members are: Front L to R: Lydia Hemann, Tracy Schaeffers, Hailey Rausch, Mikayla Thein: Back L-R: Addy Kirby, Brianna VanGroll, Kelsey Hansel, Kassidy Krapfl, Megan Pierschbacher

HS Choir attends contest

On Saturday, April 9, the high School Music students attended State Solo and Ensemble Contest at Don Bosco. We took 15 students and 19 solo and ensemble performances. Throughout the day students attend their classmates and other schools' performances. This was most of the students' first time attending this event as last year this event was held virtually and canceled in 2020.

This year Ed-Co students received 5 division 1 ratings, 10 division 2 ratings and 3 division 3 ratings.

Business Law class takes tour

Business Law class today is touring the Clayton County Law Enforcement Center north of Elkader. Thursday, April 7. Students attending were: Brooke Bolinger-Valverde, Caden Cole, Cerria Drips, Jordyn Fensterman, Albert Fry, Marcus Gaul, Ian Miller, Carter Oberbroeckling, Hutner Phelps, Jake Schilling, Bennett Steger & Avery Wessel

News from Ms. Wille

This semester Ag Project students are showcasing their manufacturing skills through building carts to hold basketballs. These carts will be completed by the end of the year and will be used in the gym by students. Students were responsible for blueprint drawing, constructing a bill of materials and implementing a plan of action with the cart project. In Intro to Ag students have been focusing on plant and soil science. Currently, students are setting up hydroponic units to monitor plant growth in soilless conditions and will harvest lettuce, tomatoes and peppers. Farm Business Management students have been able to connect current conditions in the ag industry to those of the 1980's farm crisis. It has been fun watching students learn about their own family's agriculture background through our

activities! Horticulture students are preparing for the greenhouse sale which will take place May 5th and 6th during Edgewood's Mother's Day Weekend Events. These students have also been helping prepare the baseball field for this year's games by laying sod. This quarter, 8th grade students are enjoying exploratory ag through hands-on activities that help connect their everyday lives to agriculture. Lastly, Agronomy students are now comparing tillage and seeding systems and determining which practice might suit their own operations.

Ed-Co FFA members had a blast at state convention! It was amazing to see all of their hardwork and dedication pay off. The Ag Biotechnology Team received the title of reserve state champions. This team also was the champion team in tool identification and team practicum portions. Farm Business Management earned a gold rating and Poultry Judging earned a silver. Nathaniel Gaul was recognized as a Stars Over Iowa Finalist, for placing 1st in his proficiency area and as an Iowa Degree Recipient. We are looking forward to celebrating our members' achievements throughout the year at our banquet which will be held April 30th at Woods Edge.

As the school year nears to the end, ag students and FFA members seem to get busier. I am looking forward to a summer full of county fairs, summer contests, community service opportunities and so much more with our students!

FFA News

State Convention April 10-12

Ed-Co FFA was well represented at the 94th Iowa FFA Convention!

Members attending were:

Ava Steger, Jake Schilling, Cael Funk, Peyton Gaul, Ava Kerns, Marin Gaul, Aspen Jones, Zoe Walz, Avery Wessel, Nathaniel Gaul, Lucas Rezende, Jack Wiskus, Luka Schulte, Tracy Schaefer

Here are the results:

Ed-Co FFA's Ag Biotechnology Team (Lucas Rezende, Jack Wiskus, Avery Wessel) earned the title of Reserve State Champions! Lucas and Avery placed 4th and 5th individually. Team members also earned themselves the title of top team in both the team practicum and tool identification portions.

Farm Business Management (Cael Funk, Peyton Gaul, Jake Schilling and Ava Steger) connected content taught in farm business to their individual and team portions of the contest to earn a gold rating. Only 31/100 teams received a gold rating!

Poultry Judging (Marin Gaul, Zoe Walz, Ava Kerns and Aspen Jones) earned a silver rating.

Luka Schulte and Tracy Schaefer were selected to play in the Iowa FFA Band.

Nathaniel Gaul was recognized for receiving 1st place in the Swine Production Entrepreneurship proficiency area and as top individual at livestock judging that took place this past August. He also earned his Iowa Degree and was 1 of 6 members chosen as a star finalist. Nice job, Nathaniel! Congratulations to our members and their achievements at state convention! All Vikings Row!

News from Ms. Wall **Student Achievement in Poetry Contest:**

Kassidy Krapfl wrote her own original poem and submitted it to the Eastern Iowa Reading Council creative writing contest. Kassidy was selected as the winner of her 11th grade division for the poem she submitted with the help of Ms. Wall her English 11 teacher. She received a certificate and \$10 for winning this contest in her division.

Student of the Week

Ellie Kirby-April 4-10

Mr. Kleis chose Ellie Kirby, a freshman, as Student of the Week. According to Mr. Kleis, Ellie always comes to Spanish 1 with a smile and a positive attitude. On top of that, her work is done well and turned in on time. Mr. Kleis also said, "She asks questions when she's not sure, or just to make sure she's on the right track." Congratulations, Ellie!

Sam Wessel-April 11-17

Mrs. Thier chose Sam Wessel, an eighth-grader, for Student of the Week. Sam is in her Algebra class. Mrs. Thier noted that Sam has a positive attitude and is always willing to help her classmates. Keep up the good work, Sam!

Kendall Wittman-April 18-24

Miss Edens selected Kendall Wittman, a seventh-grader, as Student of the Week. Kendall works very hard in English class. Miss Edens noted, "She has grown as a leader in the classroom and

she shares high level thinking and insightful comments during class discussions. She thinks critically about reading assignments and shares her questions and literary analysis with the class. It's so great to hear her ideas in the classroom!" Congratulations, Kendall!

Claire Aulwes-April 25-May 1

Mr. Hamann selected Claire Aulwes as his Student of the Week. Claire is currently taking Algebra 3 with Mr. Hamann and has been working very hard

in class. She asks great questions during group discussions, always comes in to get things made up when she is gone for her many activities and strives to gain a deeper understanding of the mathematics being studied. Congratulations on all of your hard work and success Claire!

Elementary News **Game Jam Winners**

We have three winners! The Iowa DNR sponsors a Game Jam contest dealing with different environmental topics in Iowa. All of the 5th graders researched one of the topics this year, and then developed a game highlighting the information that they learned. The games are then all submitted for the contest. Here are the winning games!

Congratulations to these students and to all of the 5th graders for their hard work on this project!

News From Mrs. Priem

Second graders have been hard at work this spring! In Science, we finished our study of sand, pebbles, and silt. We are

excited to be visiting 3 rock quarries in Dyersville in a couple days. We are starting our study of solids and liquids. We can't wait to find out if slime and oobleck are solids or liquids. We have been measuring maniacs in math learning how to measure in inches, feet, centimeters and meters. We are working on collecting data and making all kinds of graphs. One of our favorite activities is solving Math Mysteries- We have found Leroy the Leprechaun's pot of gold in the library, found the bank thieves, who kidnapped the groundhog, and took down the Heartbreak Hitman. In reading, we have been working on comparing and contrasting stories and transportation of the past and present. We are anxiously awaiting warmer weather!!!

News from Mrs. Brady

Here we are at the end of the year... I can't believe it! It has been a great year filled with lots of fun learning! Here is a glimpse of what third grade will be doing to finish the year.

In reading, we will be reviewing the cause and effect strategy and the make inferences/ draw conclusions strategy. We will be focusing on the genres Pourquoi Tales and Fables. We will be practicing our fluency skills with our last reader's theater.

In writing, we will be publishing our opinion paragraphs about who we believe is responsible for sinking the Titanic. We will also write opinion paragraphs about things that are happening in their lives currently. We will complete a short poetry unit and learn the different elements of poetry.

In math, we will be learning about elapsed time, measuring length, and measuring volume. We will finish the year by learning about perimeter and area.

In science, we will be completing our last FOSS kit of the year, called Water and Climate. In this unit, we have learned about how water works, the water cycle, and how to measure the temperature of water. We will be learning about measuring weather, evaporation, and condensation.

In social studies, we will be finishing out unit on the Titanic, which is the end of our immigration theme for the year. We will also be learning about economics. Weather permitting, we will tour the Kendrick businesses in Edgewood.

Over the summer, the most important thing students can do to prepare themselves for the next year is to read, read, read! The students can visit any library in

our communities to find excellent material to read! I challenge every student to read at least ten books over the summer, if not more! To practice math, the students can play board games with their family and friends. To practice writing, the students can keep a journal of the fun activities they are doing throughout the summer. They can even write letters to their teachers!

Here is a picture of our third graders at Gallegher Bluedorn when we saw the musical, "Rosie Revere, Engineer and Friends."

News from Mrs. Streicher

Happy Spring and Easter from our preschool class!!! We wish it would start feeling like spring!!! We are tired of seeing snow!!!!

We just finished doing a study all about dinosaurs!!! We learned different facts about them, sang some songs, read some neat books and explored at all of our centers with so many exciting dinosaur activities!!!! I think, this was the children's favorite study by far this year!!!!

We did a really neat science experiment with dinosaurs!!! The activity was called, "Dinosaur STEM – Fizzy Dino Egg Play." We mixed cornstarch and baking soda together with our choice of food coloring. I gave each child a little plastic dinosaur to put in the mixture before they took the eyedroppers and vinegar to spread on the mixture!!! It started fizzing!!! The children learned that it was the baking soda that made the dinosaur fizz!!! It was a neat activity and the children really had fun doing it!!!!

This week, we celebrated the children because it was "The Week of the Young Child." Each day, was a different theme. On Monday, we had, "Music Monday." On Tuesday, it was "Tasty Tuesday," so we made chocolate chip cookies to enjoy. On Wednesday, it was "Work Together Wednesday," so we did a lot of activities working together. We also figured out that we were using Habit #6 (Synergize). On Thursday, it was "Artsy Thursday," so we painted using watercolors. That was fun!!!

At the beginning of the week, we each received a portrait, but we needed to draw and make it look like us!!! They are hanging in the front of the school in the glass case that we have!!! We also made a huge poster with our handprints on them!!!

For the remainder of the year, we will be following a calendar that is called "ABC Countdown." This calendar represents only having 26 more days of preschool!!!! Everyday we will be doing a different activity that represents that letter we are on in the alphabet!!! There will be some days we get to dress up too!!!! We will also continue to work on all of our skills that we have learned this year and we are excited to learn a lot more this year too!!!!

For the remainder of the year, we have a lot going on in preschool such as: Preschool graduation, our Fun in the Sun day (last day of preschool), Farm Safety Day, Mother's Day Fun, and celebrating our summer birthdays!!!! We hope you come and visit preschool!!! It's a fun place to be!!!!

Mrs. Mary Streicher

News from Ms. Waid

I can hardly believe that May is here already! It seems like this school year has flown right by. 5th graders have several more fun things to look forward to this month. DARE graduation will take place on May 3rd at 2:15. The DARE essay winners will be announced and they will read their reports.

Mrs. Schulte received a grant from Discover Dairy to visit a dairy farm. On May 6th, we are going to visit the Mormann's family farm and Venteicher's dairy farm. May 13th will be the Track and Field day for grades 3rd through 6th.

In literacy, we have just finished our novel, *The Boy at the Top of the Mountain* by John Boyne. This is a popular favorite for most 5th graders. We have learned a plethora of new vocabulary words from the book and gained historical knowledge about the time period of the setting. In writing, our focus has been on crafting our DARE reports. Great work, 5th graders!

As the school year comes to an end, I want to thank my students for all their hard work and dedication to learning this year. It has been a wonderful experience teaching all of you this year! Have a great summer!

First Grade News from Mrs. Tegeler and Mrs. Allen

First graders continue to work hard every day! We

are in the middle of our plant unit and science. We have every kind of plant growing in our greenhouses and on our counters. Hearty plants are going to be brought home and hopefully we will eat the vegetables that they produce this summer. Yummy! We also know the importance of taking care of our Earth as we talked about Recycling, Reducing, and Reusing. Please reinforce this as we all do our part.

In reading, we are practicing Determining Importance. We can tell each other what the big idea is in a story. Another reading skill we are practicing is Making Inferences. We use our schema (what we already know) to make predictions.

We continue to learn about hundreds, tens, and ones in math and most of us have written up to 1000 in our 100 number books. We can tell time to the hour and ½ hour now. Counting pennies and nickels is also a new experience.

We want to thank our wonderful parents for supporting their child's learning. Please continue to read each night as we are truly seeing the rewards of our hard work. We cannot stress the importance of this as we approach ball season and summer break. It is fun to see our first graders grow!

Viking of the Week

Mason Bonert-April 4-10

By Mika McCool, *Ed-Co Echoes*

This week, Mrs. George chose 5th grader Mason Bonert as Viking of the Week. Mason's family consists of his dad

Jeff, mom Megan, sister Natalie, dogs Gunner and Dolly, and their cats GrayGray and many more. His hobbies consist of farming, fishing, hunting, and hanging out with his family. Mason's favorite subject is science, but his favorite class is recess as he gets to spend time with his friends. In the elementary, Mason is known as "The Fish Man". In the past two years, Mason has fed all four fish tanks and occasionally help with cleaning. Students and staff both love visiting and walking by the fish. When Mason found out he was Viking of the Week, he was happy! Congratulations, Mason!

Tucker Mastin-April 11-17

By Mika McCool, *Ed-Co Echoes*

This week, Miss Wiskus chose Junior Kindergartner Tucker Mastin as Viking of the Week. Tucker's family consists of his mom, dad, sister Addison, and two cats, Suzie and Tiger. His hobby is playing with his toys. Tucker's favorite time during school is lunchtime as he enjoys it. At school, Tucker plays with his peers and builds with them using Magna-Tiles. When Tucker found out he was Viking of the Week, he was happy! Congratulations, Tucker!

Krailyn Rahe-April 18-24

Mika McCool, *Ed-Co Echoes*

This week, Ms. Johnson chose kindergartner Krailyn Rahe as Viking of the Week. Krailyn's family consists of her mom, dad, and sibling Keegan. She has five dogs, Lola, Puppy, Milly, Jackson, and Stella, and her cat Ruby. Her hobbies are going to her grandma's house and playing with her cousins. Krailyn's favorite class is art as she enjoys the crafts. At school, Krailyn helps others by making them feel better when they are sad by playing with them. When Krailyn found out she was Viking of the Week, she was excited! Congratulations, Krailyn!

Jenna Hamann-April 25-May 1

Mika McCool, *Ed-Co Echoes*

This week, Mrs. Pierschbacher chose 5th grader Jenna Hamann as Viking of the Week. Jenna's family consists of her mom, dad, brother Dakota, and her bunny Hoppy. Her hobbies are playing sports and video games, gardening, and reading. Jenna's favorite thing about school is seeing her friends, peers, and teachers in a good mood. At school, Jenna helps others by lifting their spirits if they are not in a positive mood. When Jenna found out she was Viking of the Week, she thought that it was pretty cool! Congratulations, Jenna!

District News

News from the Nurse

Greetings Ed-Co Families!

We are almost through another school year! It's not too early to be thinking of, and getting ready for, next school year.

Our local health care providers are so great that their schedules fill up quickly. Please schedule your students for their annual exam and sports physicals soon. Don't wait until the end of summer and have to scramble to get them in. Please also see below for any other requirements according to what grade your students will be entering in next school year.

Iowa State Requirements to be aware of

Preschool- Physical, Immunizations

Kindergarten- Vision screening, Dental screening, Physical, Immunizations

3rd Grade- Vision screening

7th Grade- Tdap (vaccine) and 1st Meningitis vaccine

9th Grade- Dental screening

12th Grade- 2nd Meningitis vaccine

Please keep in mind, it is best for your student to have yearly physical exams and dental check-ups, but those listed above are required by the state.

All students are required to have up to date immunizations every year, but if it's listed above, there is a new requirement for that year. Please contact me with any questions.

Tangee Sills, RN

Ed-Co School Nurse

News from Superintendent Busch

To Families with Students with Individualized Education Programs (IEP)

You are an important part of your student's Individualized Education Program (IEP) team. You are receiving this letter as notification of upcoming and exciting changes to the system in which your student's IEP is written.

ACHIEVE is the new system in which IEPs will be written. This new system was designed with the intent to:

- Support IEP teams as they design a program for each individual student
- Increase opportunities for collaboration and communication between IEP team members
- Have one system to house individualized family plans for children birth to 21 with disabilities

Our District will begin transitioning to ACHIEVE in May 2022. Things to know as we transition to this new system:

- Your student's special education services and procedural safeguards under the Individuals with Disabilities Education Act (IDEA) will remain the same within the new ACHIEVE system.
- Your student's next IEP paperwork will look different when it is written within the new ACHIEVE system.
- The actual transition to ACHIEVE for your student's IEP will depend on when the next IEP meeting will be renewed which may not occur until later this school year.
- Information and training opportunities will be shared with you in the future regarding parent access to the ACHIEVE system.

More information will be available as we transition to the new ACHIEVE system.

Your Partner in Education,

Rob Busch

COURTESY AT EXTRA-CURRICULAR EVENTS

We are looking forward to excellent extra-curricular events at Edgewood-Colesburg. We share the responsibility for appropriate behavior at the activities. For the safety of all spectators and support of the participants, the following are Ed-Co's expectations.

1. Be respectful and quiet during the national anthem. Hold your right hand over your heart.
2. Watch the game.
3. Visit with your friends.
4. Demonstrate good sportsmanship, be respectful and courteous to others; Support the teams, cheer and clap.
5. Be a positive credit to your family, school, and community.
6. Leave your seat only between quarters, at halftime and between games.
