RE: Asbestos Notification Letter

Dear Staff, Parents, and Students:

Asbestos is an issue we have been dealing with for many years. The Asbestos Hazard Emergency Response Act of 1986 (referred to as AHERA) was enacted to determine the extent of and develop solutions for any problems schools may have with asbestos.

The notification letter, education and training of our employees, a set of plans and procedures designed to minimize the disturbance of the asbestos containing materials and plans for regular surveillance of the asbestos-containing materials are a part of our efforts to meet government regulations (AHERA). Our buildings must be inspected every three (3) years; this was done during the 2020-2021 school year and is scheduled again in September 2023.

A copy of the asbestos management plan is available for your inspection in our administrative offices during regular office hours. Nic Stelken, our Facilities Manager, is our Asbestos Program Manager and all inquiries regarding the plan should be directed to him or to myself, Rob Busch, Superintendent of Schools.

It is our intent to comply with federal, state and local regulations in this area. We plan on taking whatever steps are necessary to insure your children and our employees have a healthy, safe environment in which to learn and work.

Sincerely,

Rob Busch
