New Title IX Rules: K-12 Supportive Measures and Informal Resolution

TOPIC #1: Defining Supportive Measures

Deliberate Indifference Standard

- Recipient must respond to allegations of sexual harassment in an education program or activity “promptly in a manner that is not deliberately indifferent”
- Recipients are deliberately indifferent only if response is clearly unreasonable in light of the known circumstances
- Must treat complainants and respondents equitably

Regulatory Definition of Supportive Measures § 106.30(a)

- Non-Disciplinary, non-punitive individualized services
- Offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent
- Offered before or after the filing of a formal complaint or where no formal complaint has been filed
- Continue through the conclusion of the grievance process when applicable
- Can be continued even after a finding of non-responsibility
- Designed to restore or preserve equal access to the recipient’s education program or activity
- Without unreasonably burdening the other party
- Measures designed to protect the safety of all parties or the recipient’s educational environment, or deter sexual harassment

What is Unreasonably Burdensome?

- No specific definition – consider unique circumstances
- Does not depend solely on continued access to academic programs
- Must take into account:
 - Nature of the educational programs, activities, opportunities, and benefits – not solely those programs that are “academic” in nature
- Comments suggest that the district’s grievance process must be conducted in a reasonably timely manner to avoid the supportive measures imposed pending the outcome of a grievance process being unreasonably burdensome.

Regulatory Definition of Supportive Measures § 106.30(a)

- Counseling
- Extension of Deadlines or other course-related adjustments
- Modifications of work or class schedules
- Campus escort services
- Mutual restrictions on contact between the parties
- Leaves of absence
- Increased security and monitoring
- Other similar measures

Other Examples from Comments

- Sending student to principal’s office
- Educational conversations
- Changing student seating
- Changing class assignments
- These are not “inherently...punitive or disciplinary,” and may be taken to maintain order, protect student safety, and counsel students about inappropriate behavior.

Recipient must maintain confidentiality of supportive measures to the extent possible so as to not impair the ability to provide them

Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures

Caution!

- Comments specify that a school district's identified disciplinary sanctions should NOT be used as supportive measures
 - Must go through grievance process
- Suspension, expulsion, and termination of employment are inherently disciplinary

Emergency Removal (Student)

- May remove a Respondent from an education program or activity after:
 - Undertaking an individualized safety and risk analysis
 - Determining an immediate threat to physical health or safety of any student or individual arising from the allegations justifies removal
- Must provide Respondent with notice and an opportunity to challenge the decision immediately following the removal
- Note that any decision to remove a student for more than ten (10) school days requires a Board hearing.
 - Iowa Code 282.4 – suspension and expulsion
 - Iowa Code 282.3 – removal of a student whose “presence [is] injurious to the health of other pupils”

Administrative Leave (Employee)

- Non-student employee may be placed on administrative leave during pendency of grievance process
- Note that employees must be placed on administrative leave under certain circumstances (e.g., complaint of abuse of a student by a school employee under Chapter 102)

Interaction with Other Laws

- Students and employees are still entitled to applicable provisions of the Individuals with Disabilities in Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act (ADA)
 - For students:

- Consider whether a manifestation determination is necessary for students with an IEP or Section 504 Plan (10 days of disciplinary removal)
- Consider provisions of an IEP or Section 504 Plan in designing interim supportive measures
- For employees:
 - Consider whether interactive dialogue is necessary to discuss reasonable accommodations due to a known disability

TOPIC #2: Title IX Coordinator Responsibilities

Responsibility for Supportive Measures

- Title IX Coordinator responsible for coordinating the effective implementation of supportive measures
- Burden of arranging and enforcing measures must remain on the Recipient, not on any party
- Coordinate implementation of measures with appropriate staff
- Serve as point of contact for students to ensure implementation occurs
- Promptly contact the Complainant to discuss the availability of supportive measures
- Consider the Complainant's wishes with respect to supportive measures
- Inform the Complainant of the availability of supportive measures with or without filing a formal complaint
- Explain the process for filing a formal complaint to Complainant

Documentation

- Maintain complete records of each matter (required to be maintained for seven years)
- Must document the facts or circumstances that render certain supportive measures appropriate or inappropriate
- If a Complainant-requested measure was not implemented, document why the response to the Complainant was not clearly unreasonable in light of the known circumstances

Topic #3: Informal Resolution
