

Ed-Co Alumni
Alexandria Burgin - Class of 2016
Written by Addy Kirby

Alexandria Burgin can be found building relationships in the classroom with her students. She graduated from Ed-Co 2016. Following high school she attended the University of Northern Iowa to pursue a degree in education. She graduated in the fall of 2020. Alexandria currently resides in Winthrop, with family keeping her close to home. When asked how she got where she is today she replied, "I always knew I wanted a job where I could build relationships and help others. Teaching is something that offers these things and more! I had to work really hard and go out of my comfort zone. I am still doing that to maintain and succeed in my expectations for myself!" Her favorite part about Ed-Co was the teachers always finding ways to give students more opportunities. The community support is also wonderful. Alexandria's advice to current high school graduates is, "It is okay not to have everything figured out right now! Find something you might have a passion for and pursue it." This Viking's passion for building relationships and helping others led her to becoming an educator. Alexandria Burgin is doing things the Viking way. She is a Viking for life!
