

Ed-Co Alumni
Brady Helle - Class of 2017
Written by Addy Kirby

The sound of heavy equipment fills the street as class of 2017 graduate Brady Helle sets another pipe. Brady went to college for a year but decided it was not for him. He worked at Kendrick Forest Products before he decided to get a different job at Tschiggfrie Excavating. There, Brady is currently a pipe setter/laborer. He lives in Manchester with his girlfriend, Kendra, his friends and family keeping him close to home. Brady said, "This place just feels like home." He got where he is today because "I met my girlfriend in high school and she would always push me to do my best in school, at work, and at home." His favorite memory of high school is Baseball State Playoffs. "No dream is too big and it is never too early to plan for your future." This Viking is going places, how much further can he go?
