

Ed-Co Alumni
Emma Ehlers - Class of 2019
Written by Addy Kirby

Emma Ehlers accomplished something very few high school students have. She graduated from Ed-Co in 2019, but not only did she get her diploma she also graduated with her associates degree from Northeast Iowa Community College at the same time. After graduating, Emma was an Ag Business major at Iowa State University. She is currently a Special Projects Assistant and resides in Gilbert, Iowa. When asked how she got where she is today she stated, "I graduated from NICC with an AA degree when I graduated high school and that set me up to be successful in college. Once in college I established connections with professors and that's how I got my job." The advice Emma would give is, "Be present and constantly work to grow your network." Emma challenged herself in high school, providing herself with a jump start in college. She is doing things the Viking way.
