Erica Blaha, formerly Erica Voss, graduated in the class of 2019. Erica is still busy reaching for her goals. She is currently a student at the University of Iowa with a major in Health and Human Physiology. She resides in North Liberty. When asked what her favorite part about Ed-Co was she responded, “My favorite part about Ed-Co was playing sports. I was fortunate to compete in volleyball, basketball, track, and softball. Although there were ups and downs, I always looked forward to a sports season starting. It is hard to beat the memory of my mom behind home plate for every softball game.” Erica’s advice to current high school graduates is, “Be bold. It is how I met my husband, formed relationships with professors, and landed a job. The more you talk to people, the more opportunities will come your way. And remember, everything doesn’t have to fall in place right after high school.” Erica is chasing her dreams, like a Viking does best. She is a Viking for Life!
