

Ed-Co Alumni

Jackie (Schilling) Lee - Class of 1986

Written by Addy Kirby

Jackie Lee, formerly Jackie Schilling, graduated in the class of 1986. Jackie currently resides in Guttenberg, Iowa, and is a business development officer. When asked how she got where she is today she replied, "Consistently learning, being active in the community and raising my hand for additional duties." Her favorite part about Ed-Co was that the teachers committed to teaching. The advice she would to current high school graduates is, "Success requires 80% of showing up, 20% of following up. Do both in every endeavor. You're the author of your story, and the chapters will all be different. Embrace them all!" Jackie is embracing every chapter of her story and is always learning. She is doing things the Viking way!
