Monte Kramer
Written by Addy Kirby

Monte Kramer graduated in 1967. After four years in the US Air Force, graduating from Kirkwood Community College and the University of Iowa, 18 years at Monticello Schools, working at Guaranty Bank in Cedar Rapids, and working at Alliant Energy in Cedar Rapids, he is now retired and resides in Mount Vernon, Iowa. Monte's favorite class was bookkeeping with Mr. Herman Lewis. Miss Brown was a major influence on his education. His advice to current high school graduates is to, "Try as many 'things' as you can to find what really matters to you. Money is not the only thing to strive for." Monte tried many different things to find his passion. He is a Viking for Life!
