

Ed-Co Alumni

Rose Heuchelin - Class of 2020

Written by Addy Kirby

Helping others is where her heart is. Rose Heuchelin graduated in the Class of 2020. Rose is currently attending Northeast Iowa Community College completing her prerequisites in practical nursing. She currently resides in Colesburg, where her family, friends, and current job keeping her close to home. Rose believes she has gotten where she is today because of her teachers, coaches, and staff pushing her to do her best. Job shadows also helped Rose find her passion. When asked what her favorite part about Ed-Co is she replied, "The interaction between the students, but most importantly how well the staff pushes us students to do the best we could and not to be afraid to spread our wings." Rose is continuing her education, is that the path you chose or will choose?
